Course Description:

Public scrutiny of law enforcement operations is currently at unprecedented levels. This creates additional challenges for government auditors working to evaluate risks and conduct audit engagements related to law enforcement operations. Law enforcement audits differ from other governmental audits and can be hugely successful when performed in consideration of risks, procedures, and the culture unique to the law enforcement environment. This course provides government auditors insights into law enforcement culture as well as specific high-risk factors and critical information regarding numerous high-risk operations. In this interactive course, students will participate in practical exercises involving audits / inspections of high-risk law enforcement operations.

LEIA-301 Course objectives:

Participants will develop a basic working knowledge of

- History of Law Enforcement / oversight and audits in law enforcement

Manual: \$135 in addition to course registration fee. Includes e-book / hardcopy and 1-year Law Enforcement Inspections and Auditing Group (LEIAG) membership / website access. Add during your online registration. Manual is not required for the course but is an excellent resource.

The manual is for Law enforcement professionals, sworn and professional staff (non-sworn) working in law enforcement compliance / inspections functions. The manual is organized into three sections.

1. Provides background and context regarding benefits attributable to the inspections function in law enforcement.
2. Provides more detailed information to those tasked with implementing the inspections or audit function, including risk assessment and models to help determine which operations to evaluate
3. Provides information to those assigned to conduct inspections and steps to take while performing effective, results-driven inspections or audits.

The manual is over 400 pages.

- Training resource for law enforcement inspections and audits.
- Assist law enforcement agencies in creating or modifying manuals and policies and procedures related to audits and inspections.
- Provides law enforcement professionals, government auditors and oversight groups with tools to develop and conduct inspections and audits in the law enforcement environment.
- Provides insight into various law enforcement operations, risks associated with each, and criteria for generally accepted practices. **Sections** for patrol, use of force, case management, professional standards, property and evidence, communications, training, tactical operations, jails, Special / undercover operations, and after-action reports.
